THE MEGA-FARM CHALLENGE play aid, Version 4

EVERY TURN, IN ORDER	THE COINS, AND THE TWO RULES
1. Swap roles. 2. Take your automatic production (Stage 3 onwards). 3. Flip three coins and look up the event. 4. Resolve the event now. 5. The Planter acts. 6. The Builder acts. 7. Say the ledger out loud.	First coin 4, second coin 2, third coin 1. Heads counts, tails does not. Add them up for 0 to 7. Two dice instead? Add them for 2 to 12. Nothing ever goes below zero. Events happen before actions, so a price change applies this turn. You are promoted at 25 **Plots** (Head) and at 100 **Plots** (Chief). Same jobs, better titles.

THE PLANTER always	THE BUILDER always
Makes the produce, and buys the land.	Supplies the farm, builds, and sells.
